

Franklin Township Recreation Basketball Program Season 2011 – 2012

Franklin Township Recreation Commission is now organizing for another season of basketball. We got a late start this year but with gym help from other townships, we will be able to have a season. We will also be having our away games first to hopefully allow for completion of the school. We don't have that much time before the season starts. The application deadline is real short this year 11/28/2011. Please help me by getting them in as soon as possible.

The North Hunterdon Basketball League, which is comprised of teams from the towns of Bethlehem, Clinton, Franklin and Union, will play one another.

Franklin will have boy and girl teams in both 3/4th grade and 5/6th grade divisions. (We will have 7/8th grade teams if there is enough interest) These are **'recreational'** basketball leagues.

Playing time and game rules have been established to promote a recreational atmosphere. The season starts December 10th and runs through early March. Games are played on Saturday's at the participating township's school gyms. Teams will play approximately ten games.

I encourage 6th graders that are going out for the school team to also participate in this league. They can never get enough playing time.

I ask that any parent interested in coaching to get back to me ASAP. I need to schedule Rutgers Safety Certification for those that are not certified and to also process background checks.

I'm also looking for someone interested in helping me at the league level as well as volunteers to help in the gym on game days.

If you have any questions are interested in coaching or assisting, please email me, Mark Mroz at mikeyman711@yahoo.com or call me on my cell phone at 908 500-8448.

Registration and Medical Release forms are available in the school office, the Municipal Building, and on-line www.franklin-twp.org

Thank you and we hope to see for our 2011/2012 basketball season.
