

DPW TRY TO ASSIST DISPOSE OF ITEMS AFTER HURRICANE IRENE

We know many of our residents have suffered damage due to Hurricane Irene and you are probably now in the midst of the clean up required.

Alan Dilley, Supervisor of the Franklin Township Department of Public Works, has informed us that the DPW will try to assist residents needing to dispose of items damaged in their basements or homes.

If you need to dispose of items damaged due to flooding, you may call Alan Dilley at the garage 908 735 8384 or his cell phone 908 581 9149.

Also, Raritan Valley Recycling/West Jersey Mulch will take brush and limbs at no charge provided they are cut to a maximum 8 feet in length. For further information, please call 908 782 4004 and ask to speak with Joyce.
